about Stella Maris Center

A program of Catholic Services of Acadiana, Stella Maris Center is a hygiene facility that provides a place for individuals who are homeless to take a shower, use the restroom, wash their clothes, and take care of other basic hygiene needs. Through partnerships with

other local organizations, Stella Maris Center connects individuals with additional resources to assist them, as they find a way to regain housing. Named after Our Lady Star of the Sea, Stella Maris Center is a safe harbor from the storms of the world.
