To the Parents and Members of Yakima National Little League:

I am writing this letter to inform you of a situation that occurred within our league. At the first board meeting of the year, we were led to believe there was a surplus of \$5,000.00 in our bank account. After looking into this, we found that the account had been drained and left with almost nothing. We began to suspect that one of our own board members had taken the funds and took immediate action to remove this individual. As of now, we are unable to comment on this matter as there is an open investigation.

We are moving forward and have taken steps to deter this from happening again. We have more oversight in place and no single person will have access to making unauthorized withdrawals. The board is devastated by this happening to our league and promise to make it better. Currently, there is a spaghetti feed and raffle in a few weeks and are actively recruiting sponsors. We are doing everything in our power to get the account brought back up. Although this situation caused challenges, we have every expectation of having a great season.

If you have any questions or comments, please e-mail me at [ynllpres@gmail.com](mailto:ynllpres@gmail.com).

Sincerely,

Robert Gourneau

YNLL President
