#### STATEMENT

This bill automatically extending the time to file a gross income tax or corporation business tax return if the federal government extends the filing or payment due date for federal returns.

Most annual gross income tax and corporation business tax returns are due on or before April 15 following the close of a calendar year or accounting period. Certain taxpayers are also required to make quarterly estimated payments around that timeframe. The bill would automatically grant an extension for those taxpayers if the federal government grants an extension and would not impose penalties or interest if the taxpayer files a return by the end of the extension. The extended due date would be no later than June 30, 2020.

The sponsor’s intent is to provide relief to taxpayers that may be impacted by the COVID-19 pandemic and may not have the ability to file their tax returns on time or settle tax payments.
