ACTING PRESIDENT DENNIS CRAIG ISSUES STATEMENT ON SUNY ONEONTA'S SELECTION AS A NEW YORK STATE VACCINATION SITE

“SUNY Oneonta is excited to become one of New York’s 10 new mass vaccination sites. This is wonderful news for our college, for the Oneonta community and for Otsego and neighboring counties. Our thanks go to State Sen. Peter Oberacker, State Assemblyman Joe Angelino, State Assemblyman Brian Miller, State Assemblyman John Salka, State Assemblyman Chris Tague, Otsego County Board of Representatives Chairman David Bliss and Oneonta Mayor Gary Herzig for advancing our proposal for SUNY Oneonta to become a center for administering COVID vaccines. We are proud to play a larger role in fighting this pandemic and ensuring the health and safety of everyone across our region.”
