### **About Us:**

#### What is the Loveland Sculpture Group?

The Show is presented by the Loveland Sculpture Group, a nonprofit corporation dedicated to expanding opportunities and appreciation for sculpture. Proceeds from The Show are used to purchase sculpture for the City of Loveland to use for public display. In addition, over the last 20 years, more than \$235,000 has been donated to support local art education in the Loveland area schools. In meeting the goals of their mission statement to assist up-and-coming artists, the organization has also contributed \$243,000 to local art education programs and other nonprofits. In the past three years, over \$30,000 has been donated to the art departments of the Thompson School District R2-J. In 2011, \$10,500 was donated to numerous art departments and each department may use the funds as they wish.

Mission Statement: To present an annual Sculpture Show and Sale that brings together sculptors from around the country and abroad during the second weekend in August to display their work and exchange ideas with other sculptors. To conduct a show that creates enough interest so that anyone can come and enjoy the work displayed by the sculptors. To use any profits made from The Show to fund sculpture projects for the City of Loveland and to establish a fund for the study of visual and three-dimensional art.
