

You can protect Medicaid.

U.S Senators are writing a bill this week that could effectively end Medicaid as we know it.

What you can do:

Governor Dayton, both of your U.S. Senators and your U.S. Representative must hear from you about Medicaid.

Please call and email all four elected officials - ask them to reject any proposal that:

- (1) Causes millions to lose healthcare coverage by effectively ending the Medicaid expansion by phasing out the enhanced federal match; and/or
- (3) Effectively ends the Medicaid program as we know it by shifting billions in Medicaid costs to states through a per capita cap.

Call your statewide elected senators:

U.S. Senator Amy Klobuchar
klobuchar.senate.gov/public/email-amy
202-224-3244

U.S. Senator Al Franken
