A team leading by 20 or more that fails to fall back on the press will be given one warning by the officials for the first violation. The second and subsequent violations will result in a bench technical foul. If the lead gets to within ten (10) points or less, a full court press will once again be allowed.

Running time will be used in the last seven (7) minutes of the second half whenever there is a lead of twenty (20) points or more with the clock stopping for time outs or at the referees' discretion. If the lead gets to within ten (10) points or less, the clock will then resume stop time.

POOL PLAY TIE BREAKER RULES

TWO-TEAM TIE

In any situation where two teams are tied, head-to-head competition between the teams shall determine the winner.

THREE OR MORE TEAMS TIED

Step One:

If more than two teams are tied, a point differential tie breaker will be applied. The point differentials of the teams involved in the tie are totaled. Teams are then ranked according to the sum of the point differential and the team with the highest ranking is determined the pool play winner. Regardless of actual game scores, 15 points is the maximum plus or minus total that will be factored into the point differential calculation.

NOTE: Once the pool winner has been determined via the point differential, the tie between the remaining two teams shall be broken based on head-to-head competition.

Step Two:

If more than two teams are still tied after the application of Step One, the point differentials of the teams not involved in the tie are added and the results recalculated.

Step Three:

If more than two teams are still tied after the application of Step Two, a three-way flip of the coin shall break the tie, with the odd team being declared the pool winner. The tie between the two remaining teams shall be broken based on the results of their head-to-head competition.

SPECIAL NOTE: All forfeits are scored 15-0. 3 team tie breaker example	2 v 3	1 v 3	1 v 2	Total
Team 1	X	-3	+9	+6
Team 2	+11	X	-9	+2
Team 3	-11	+3	X	-8
